

The 'Little Black Book' for busy families!

## Fabulous Finds shown on Global TV with Lorraine Mansbridge

On July 9<sup>th</sup> we had the pleasure of being on Global TV in Edmonton with Lorraine Mansbridge. During her Morning Show, we shared some great travel products, ideas, as well as safety and first aid products. We had such an overwhelming response to the segment I thought I would share all of the products with you and let you know which stores you can get these products from.

We have a number of stores who are all on our website share the coolest, newest products with us and I know you will just love them.

On the show, we did not even get a chance to show all products we had on hands so we are happy to list them all here. Be sure to contact the store for information and let them know you saw it on behalf of **The 'Little Black Book' for busy families™** on Global TV.

**AMA Travel** shared one of the favourite items they have that makes kids feel like grown ups. This very unique back pack is great for carrying around all the travel games, good for going back to school and camp. You can find this Alligator, with pockets and zippers everywhere and other animal backpacks at any of the 17 AMA locations across the province. Just visit [www.AMAtravel.ca](http://www.AMAtravel.ca)

For babies these clip on toys are perfect for the car or stroller, as well the Sippy cup and the Sippy cup holder are perfect so you don't have to pick it up of the floor or loose the cup. The Baby cubes are also good for travel and are safe in the microwave and freezer. What young child doesn't need a wipe off bib to keep cleaner? The travel cup with lid is great for snacks and allows the child to get their hands in to get fish or cheerio's.

Tracey also stocks the Family Buzz patch great for those annoying mosquitoes'. The Welda Sunscreen is a must have for the beach as are the Baby Banz sunglasses. They also have some Wysi cloth that is very large and great for wipes and spills. What better item to have for the baby than the G diapers, flushable biodegradable diapers. They come with two diaper covers and diaper inserts so you don't have to carry around dirty diapers. In addition, while you are out of the truck what about an Ergo Organic Baby carrier. It is comfy and light and the babies love it.

Something really new the Molten Magic bottle warmer is great for in the car or when it's dad's turn to feed the baby. It is reusable and comes in a handy carrying case.

I had seen these products while at Sarah's store in Calgary I had to ask if she would let me show them on Global TV in Edmonton, as they are some of my children's favourite car toys. From Melissa and Doug there are sturdy board travel games called Travel Bingo and Bear Search. The kids love them and even test me on bingo and my memory. Be sure to pick these up before you hit the road.

One of the other popular items is the Head Snuggler, which Sarah has just ordered to stock buy you can also get it at Melanie's website called [www.MelroseKids.com](http://www.MelroseKids.com) It helps with keeping the head from flopping over when sleeping in the car seat. I love them.

From Carla Janzen That Norwex Girl who shares dirty secrets about cleaning. You can contact her at P: 780.461.6123 or Email her at [thatnorwexgirl@shaw.ca](mailto:thatnorwexgirl@shaw.ca). She has an amazing hand sanitizer, and you may ask what is so great about this one. Well this sanitizer has 70% less Alcohol than other brands. So when your kids put their finger in their mouths or eat after using it is much safer and won't dry your hands out. In addition, the Enviro cloths are washable and come in a handy travel pack. Kids love the colors.
